**MEDSURG Nursing 2003 Subject Index**

**Advanced Practice**
- Creating a Nursing Vision for Leadership in Genetics, 177
- Genetics of Hearing Loss, 386
- Genetic Susceptibility to Lung Cancer: Implications for Smoking Cessation, 45
- The Variation of Response to Pharmacotherapy: Pharmacogenetics – A New Perspective to ‘The Right Drug for the Right Person,’ 242

**Air Embolism**
- Preventing Air Embolism When Removing CVCs: An Evidence-Based Approach to Changing Practice, 223

**From AMSN**
- Caring Is Essential, 141
- Creating the Leader Within You, 277
- Our Image is Key: “Sawa Bona,” 73
- The Specialty of Medical-Surgical Nursing: The Solid Rock, Not the Stepping Stone, 5
- Making an Impact, 345

**Audiology**
- Genetics of Hearing Loss, 386

**Best Practice**
- Laryngeal Edema: Perioperative Nursing Considerations, 111
- Primary Spontaneous Pneumothorax, 161
- The Dirty Bombs: Management of Victims of Radiological Weapons, 397
- The Genetics of Age-Related Macular Degeneration, 238

**Blood Transfusion**
- A Primer for Nurses Who Administer Blood Products, 184

**Cardiovascular/Pulmonary Physiology**
- Relationship Between Nurse Caring and Patient Satisfaction in Patients Undergoing Invasive Cardiac Procedures, 391
- The ABCs of DVT, 403

**Central Venous Catheters**
- Preparing Air Embolism When Removing CVCs: An Evidence-Based Approach to Changing Practice, 223

**Charge Nurses**
- A Qualitative Study of Charge Nurse Competencies, 298

**Cholesterol**
- Stricter Cholesterol Guidelines Broaden Indications for the ‘Statin’ Drugs, 51

**Clinical Practice/Topics**
- Exploring Older Women’s Lifestyle Changes after Myocardial Infarction, 170
- Managing the Oral Sequelae of Cancer Therapy, 28
- The ABCs of DVT, 403

**Continuing Education**
- Applying Airline Safety Practices to Medication Administration, 77
- A Primer for Nurses Who Administer Blood Products, 184
- A Qualitative Study of Charge Nurse Competencies, 298
- Assessing and Managing Acute Pain in Older Adults: A Research Base to Guide Practice, 7
- Decreasing Companion Usage without Negatively Affecting Patient Outcomes: A Performance Improvement Project, 230
- Differentiating the Three D’s: Delirium, Dementia, and Depression, 347
- Exploring Measures of Functional Dependence in the Older Adult with Cancer, 359
- Fibromyalgia: Evolving Concepts and Management in Primary Care Settings, 145
Latex Protein Allergy and Your Choice of Gloves: A Balanced Consideration, 20
Lung and Heart-Lung Transplantation: Implications for Nursing Care When Hospitalized Outside the Transplant Center, 250
Physical Activity Determinants of Older Women: What Influences Activity?, 213
Preventing Air Embolism When Removing CVCs: An Evidence-Based Approach to Changing Practice, 223
Sleep Promotion in Hospitalized Elders, 279
Testicular Cancer: An Overview, 37
Using Lidocaine for Peripheral IV Insertions: Patients’ Preferences and Pain Experiences, 95

Delirium/Dementia
Delirium: Elders Tell Their Stories and Guide Nursing Practice, 318
Differentiating the Three D’s: Delirium, Dementia, and Depression, 347

Depression
Differentiating the Three D’s: Delirium, Dementia, and Depression, 347

Diabetes
Lantus: A New Insulin, 408
Older Adults Using Cellular Telephones for Diabetes Management: A Pilot Study, 313

Disaster Victims
Maintaining Management During Disaster, 125
The Dirty Bomb: Management of Victims of Radiological Weapons, 397

Editorial
Another Opportunity for Excellence, 75
Encouraging Lifelong Scholarship in Student Authors, 211
Mentoring the Future of Nursing, 143
Nursing – The Christmas Profession, 346
Renewing Our Commitment to the Nation’s Elders, 278

Ethics, Law, and Policy
HIPAA: Update on Rule Revisions and Compliance Requirements, 59

Fibromyalgia
Fibromyalgia: Evolving Concepts and Management in Primary Care Settings, 145

Health Care Delivery
Applying Airline Safety Practices to Medication Administration, 77
Decreasing Companion Usage without Negatively Affecting Patient Outcomes: A Performance Improvement Project, 230
HIPAA: Update on Rule Revisions and Compliance Requirements, 59
Relationship Between Nurse Caring and Patient Satisfaction in Patients Undergoing Invasive Cardiac Procedures, 391
They’re Real and They’re Here: The New Federally Regulated Privacy Rules under HIPAA, 380
Using Lidocaine for Peripheral IV Insertions: Patients’ Preferences and Pain Experiences, 95

HIPAA
HIPAA: Update on Rule Revisions and Compliance Requirements, 59
They’re Real and They’re Here: The New Federally Regulated Privacy Rules under HIPAA, 380

Infection Control
Preventing Nosocomial Spread of MRSA Is in Your Hands, 193

ISONG News
50, 124, 195, 270, 324, 402

Laryngeal Edema
Laryngeal Edema: Perioperative Nursing Considerations, 111

Latex Allergy
Latex Protein Allergy and Your Choice of Gloves: A Balanced Consideration, 20

Letter to the Editor
135

Macular Degeneration
The Genetics of Age-Related Macular Degeneration, 238

Medical Nursing
Applying Airline Safety Practices to Medication Administration, 77
Primary Spontaneous Pneumothorax, 161
The Dirty Bomb: Management of Victims of Radiological Weapons, 397

Nursing in Genetics
Creating a Nursing Vision for Leadership in Genetics, 177
Genetics of Hearing Loss, 386
Genetic Susceptibility to Lung Cancer: Implications for Smoking Cessation, 45
The Genetics of Age-Related Macular Degeneration, 238
The Variation of Response to Pharmacotherapy: Pharmacogenetics – A New Perspective to ‘The Right Drug for the Right Person,’ 242

Nursing in the Military
Real Time Military Exercise Prepares Military Nurses for Deployment Around the World, 263

Nursing Management
Maintaining Management During Disaster, 125
The Physics of Management, 266

Nursing Pharmacology
Lantus: A New Insulin, 408
Pharmacologic Implications of the New JNC 7 Blood Pressure Guidelines, 325
Preventing Nosocomial Spread of MRSA Is in Your Hands, 193
Stricter Cholesterol Guidelines Broaden Indications for the ‘Statin’ Drugs, 51
The Variation of Response to Pharmacotherapy: Pharmacogenetics – A New Perspective to ‘The Right Drug for the Right Person,’ 242
Using Lidocaine for Peripheral IV Insertions: Patients’ Preferences and Pain Experiences, 95

Older Adults
Assessing and Managing Acute Pain in Older Adults: A Research Base to Guide Practice, 7
Delirium: Elders Tell Their Stories and Guide Nursing Practice, 318
Differentiating the Three D’s: Delirium, Dementia, and Depression, 347

Editorial; Renewing Our Commitment to the Nation’s Elders, 278

Exploring Measures of functional Dependence in the Older Adult with Cancer, 359
Exploring Older Women’s Lifestyle Changes after Myocardial Infarction, 170
Older Adults Using Cellular Telephones for Diabetes Management: A Pilot Study, 313
Physical Activity Determinants of Older Women: What Influences Activity?, 213
Sleep Promotion in Hospitalized Elders, 279
The Genetics of Age-Related Macular Degeneration, 238

Oncology Nursing
Exploring Measures of functional Dependence in the Older Adult with Cancer, 359
Genetic Susceptibility to Lung Cancer: Implications for Smoking Cessation, 45
Managing the Oral Sequelae of Cancer Therapy, 28
Testicular Cancer: An Overview, 37

Patient and Case Management
The Early Recognition of Patient Problems Among Medical-Surgical Nurses, 291
They’re Real and They’re Here: The New Federally Regulated Privacy Rules under HIPAA, 380
Patient and Family Education and Support
Decreasing Companion Usage without Negatively Affecting Patient Outcomes: A Performance Improvement Project, 230

Perioperative Nursing Considerations
Laryngeal Edema: Perioperative Nursing Considerations, 111

Physical Activity
Physical Activity Determinants of Older Women: What Influences Activity?, 213

Pneumothorax
Primary Spontaneous Pneumothorax, 161

Professional Practice
They’re Real and They’re Here: The New Federally Regulated Privacy Rules under HIPAA, 380

Professional Issues
From AMSSN: Caring Is Essential, 141
From AMSSN: Creating the Leader Within You, 277
From AMSSN: Our Image Is Key: “Sawa Bona,” 73

On Leadership: Creating Your Own Leadership Brand, 132

Publisher’s Message
Dottie Roberts Appointed MEDSURG Nursing Editor, 6

Quality Improvement
Applying Airline Safety Practices to Medication Administration, 77
Creating a Nursing Vision for Leadership in Genetics, 177
Decreasing Companion Usage without Negatively Affecting Patient Outcomes: A Performance Improvement Project, 230

Research
Adult-Health/Med-Surgical Nurses’ Perceptions of Students’ Contributions to Clinical Agencies, 117
Anger: The Mismanaged Emotion, 103
A Qualitative Study of Charge Nurse Competencies, 298
Assessing and Managing Acute Pain in Older Adults: A Research Base to Guide Practice, 7
Exploring Older Women's Lifestyle Changes after Myocardial Infarction, 170
Relationship Between Nurse Caring and Patient Satisfaction in Patients Undergoing Invasive Cardiac Procedures, 391
Decreasing Companion Usage without Negatively Affecting Patient Outcomes: A Performance Improvement Project, 230
Older Adults Using Cellular Telephones for Diabetes Management: A Pilot Study, 313
Preventing Air Embolism When Removing CVCs: An Evidence-Based Approach to Changing Practice, 223
The Early Recognition of Patient Problems Among Medical-Surgical Nurses, 291

Research for Practice
Anger: The Mismanaged Emotion, 103
Adult-Health/Medical-Surgical Nurses’ Perceptions of Students’ Contributions to Clinical Agencies, 117
Exploring Older Women’s Lifestyle Changes after Myocardial Infarction, 170
Older Adults Using Cellular Telephones for Diabetes Management: A Pilot Study, 313
Relationship Between Nurse Caring and Patient Satisfaction in Patients Undergoing Invasive Cardiac Procedures, 391
The Early Recognition of Patient Problems Among Medical-Surgical Nurses, 291

Sleep Promotion
Sleep Promotion in Hospitalized Elders, 279

Transplantation
Lung and Heart-Lung Transplantation: Implications for Nursing Care When Hospitalized Outside the Transplant Center, 250

Try This: Best Practices in Nursing Care for Older Adults
Predicting Pressure Ulcer Sore Risk, 130, 197
The Pittsburgh Sleep Quality Index, 261
